Activities & Description

| <u>PBIS Kick Off</u> | <u>Teach Me Something New</u> | <u>Meet the Masters</u> |
|--|--|--|
| We kick off our day with a reminder of daily playground/classroom rules and expectations for the fun and safety of all of our summer program guests. | We introduce the kids to different hobbies from table magic to performing arts. | The kids get to meet the masters from multiple disciplines from art to music. We will engage in a fun activity based on the master of the day. Join us as we celebrate the artistry of masters from the likes of Pablo Picasso's cubism to the use of color of Mary Blair. |
| <u>Adventure Time</u> | <u>STEAM</u> | <u>Reading Rain-bow (NEW!)</u> |
| Outdoor play and social time! | We engage the kids in making innovative creations using the Operation Innovation design cycle. The kids will be challenged to make STEAM based creations as they imagine, plan, and create prototypes; they'll get to test, and improve on their inventions. | Our team of instructors engages the students in an interactive Storytime. We have selected age appropriate story-books for a fun summer full of literature, with a new book every day, during our ten-week summer engagement! |
| <u>Journaling (NEW!)</u> | <u>Brain Quest (NEW!)</u> | <u>Fun Friday Events (NEW!)</u> |
| We offer the summer kids the opportunity to use writing or drawing as way to document their summer, practice creative expression and focus on their social and emotional learning. | The kids practice their academic skills with activities planned by our team based on basic math and literacy (addition, subtraction, multiplication, division, shapes, site words, and spelling). | The summer kids engage in fun Friday events and Spirit Days, from outdoor pottery to sports and karaoke. |
